

We would be grateful if you could take a few minutes to provide us with your comments below. The role/vision for Saxonvale and the eight principles are put forward as the basis for the next stage of the project. This will involve designing a development proposal for further public consultation. At this next stage we will be showing plans and drawings for the proposed mixed-se development.

ROLE AND VISION		Please add comments on each here. We have highlighted some points we are particularly interested in getting your views on.	
1.	Do you support the proposed role and vision for the Saxonvale development?	Y/N	
PRINCIPLES			
Do you support the following?			
2.	Improve Saxonvale 'street' <i>Enhance Saxonvale as a street by reducing traffic and prioritising pedestrians and cyclists to help integrate the new development with the town centre.</i>	Y/N	Should we consider a new route through the site, via Garsdale, to the M&S car park/servicing areas and making the central part of Saxonvale 'street' a pedestrian space? Y/N

3.	<p>Space for Enterprise, Social and Community Activity <i>Providing flexible spaces within buildings, for commercial and other uses, that can accommodate a range of activities as needs emerge and change.</i></p>	Y/N	Should this type of space be located on parts of the site closest to the town centre and to support the important role of Silk Mill Studios and Gallery? Y/N
4.	<p>Homes for a Variety of Needs and Aspiration <i>A residential-led mixed scheme with new homes of quality in mixed types, sizes and tenures.</i></p>	Y/N	Should we provide homes for a variety of needs – privately owned, shared ownership, rented and for older people, smaller households and families? Y/N
5.	<p>Creating Character and Identity <i>Using the topography, good quality materials and elements of contemporary design informed by local character to create a sense of place and new views. .</i></p>	Y/N	Should we retain the Western Warehouse (attached to the Silk Mill)? Y/N If it is kept, what should the Western Warehouse be used for?

6.	<p>Streets and Spaces for People <i>Emphasis on walking and cycling. A main public space and secondary spaces all connected.</i></p>	Y/N	What types of public space should be provided and what sorts of activity should they cater for?
7.	<p>Parking to Support the Town Centre and Avoid Cluttered Streets <i>Replacement public parking, dual use of spaces out of hours, conceal private parking below buildings and in courtyards.</i></p>	Y/N	What are the main requirements when considering replacement of the Merchants Barton (on Saxonvale 'street') public parking?
8.	<p>Green Space and Nature <i>A riverside park, providing an amenity for the community and a valuable ecological habitat.</i></p>	Y/N	Should the park have a natural character or be more formal?
9	<p>Sustainable Use and Management of Natural Resources <i>Good insulation and air-tightness to minimise energy needs, Sustainable Urban Drainage/landscaping, potential renewable energy sources, re-use the Western Warehouse and emphasis on walking and cycling.</i></p>	Y/N
